

Pelham Bay Split Rock Golf Course recognized as one of the "Best NY Wedding Venues" by Here Comes the Guide (HCTB)!

Since its inception in 1901 as the Pell Golf Course, Pelham Bay Split Rock has stood as one of the earliest public golf courses in the nation, alongside its predecessor, Van Cortlandt Golf Course. Back then, the game of golf was a privilege reserved for the elite, but Pelham Bay Split Rock changed the game, quite literally, by opening its greens to the public, making golf accessible to all.

Over the years, the course has seen remarkable transformations, from its humble beginnings as a nine-hole course to its expansion into a full-size 18-hole masterpiece in 1914. The renovations were extensive, employing innovative methods like dynamite to improve drainage and enhance playing conditions, all while preserving the picturesque countryside of Pelham Bay Park.

In 1936, Pelham Bay Split Rock further solidified its status as a beacon of public recreation by expanding into a 36-hole facility, providing even more opportunities for the community to enjoy the sport. This expansion marked a significant milestone in our journey towards creating a welcoming space for golfers of all skill levels.

Under the leadership of Parks and subsequent city administrations, the course underwent refurbishments and expansions, ensuring its continued relevance and accessibility to the public. For over 40 years, American Golf Corporation has proudly operated Pelham Bay Split Rock, committed to delivering positive, uplifting experiences for those we serve.

Today, Pelham Bay Split Rock Golf Course stands as a testament to resilience, embodying the spirit of community and recreation for generations of New Yorkers. We're honored to be recognized by HCTB as one of the premier wedding venues in New York, and we invite you to celebrate your special day with us amidst the timeless beauty and history of Pelham Bay Split Rock.

Contact us today to learn more about our customizable wedding packages and experience the magic of tying the knot at one of New York's most iconic landmarks!
